

getting to know your phone

MOTOROLA and the Stylized M Logo are registered in the US Patent & Trademark Office. © Motorola, Inc. 2008

Certain mobile phone features are dependent on the capabilities and settings of your service provider's network. Additionally, certain features may not be activated by your service provider, and/or the provider's network settings may limit the feature's functionality. Always contact your service provider about feature availability and functionality. All features, functionality, and other product specifications, as well as the information contained in this tutorial, are based on the latest available information and believed to be accurate at the time of publication. Motorola reserves the right to change or modify any information or specifications without notice or obligation.

Service dependent features may vary. Screen images may be simulated or enhanced to show detail.

Note: Your phone may not appear exactly as the phone image above, however, all key locations, sequences, and functions remain the same.

make, end, and answer calls

1. To make a call: On the home screen, enter a number and press ().

Tip: Press **DELETE** to delete the last number. Press **STORE**, and then **DONE** to add the number to your contacts.
